EXPERIENCE

Sprinklr, India │ DevOps Intern   Jan. *2024 - Present*
- Actively collaborated with AWS, GCP, and Azure, gaining invaluable insights into their operations and intricacies.
- Developed Python-based scripts for resilience checks across AWS, GCP, and Azure cloud environments.
- Immersed in Kubernetes for container orchestration.
- Utilized Ansible for playbook authoring and refinement to streamline deployment processes.
- Integrated Jenkins into the workflow for automating various stages of the development pipeline.

The Sparks Foundation , Bangalore │ Web Developer Intern   Nov. 2022 - Dec. 2022
- Developed and maintained dynamic web applications for bank management , ensuring high performance and responsiveness.
- Collaborated with cross-functional teams to design, code, and deploy web features, ensuring seamless user experiences.
- Utilized HTML, CSS, and JavaScript to create interactive and visually appealing user interfaces.
- Managed and optimized MySQL databases, enhancing data retrieval and storage efficiency.
- Implemented version control using Git, streamlining code collaboration and tracking changes.

PROJECTS

WhatsApp clone │ *MERN stack , socket.io*   *Aug. 2023 - Sep. 2023*
- Spearheaded the development of a WhatsApp clone using the MERN (MongoDB, Express.js, React, Node.js) stack, contributing to both the front-end and back-end components.
- Gained hands-on experience in designing responsive and dynamic user interfaces using React, enhancing the user experience across various devices.
- Implemented Real Time chatting using socket.io.
- Leveraged version control with Git to ensure efficient code collaboration and maintain code integrity.

Personal Portfolio Website │ *JavaScript , HTML/CSS , NodeJS*   *Mar 2023 - April 2023*
- Developed and launched a professional personal portfolio website using HTML, CSS, and JavaScript.
- Designed and implemented an engaging user interface that effectively communicated my skills, projects, and achievements to potential employers and collaborators.
- Utilized Git and GitHub for version control, maintaining a clean and organized codebase.
- Optimized the website for responsiveness and accessibility, ensuring a seamless experience across various devices and screen sizes

---

EDUCATION

Bangalore Institute of Technology, Bengaluru │ B.E. in CSE ; CGPA: 9.38/10   Dec. 2020 - July. 2024 (Expected)
coursework: Data Structures and algorithms , operating Systems , computer Networks, Database Management Systems

---

SKILLS

- C++, Java, python
- HTML , CSS , JavaScript , React.js,
- Git , bash , Linux , kubernetes , docker , jenkins , Ansible
- MySQL, MongoDB

ACHIEVEMENTS

- max 3 stars rating @ codechef
- 5 stars rating @ hackerrank in c++ language
- 5 stars rating @ hackerrank in java language
- Qualified snackdown qualifier and round 1A
- Google codeJam
